PROFESSIONAL SUMMARY

Final-year undergraduate student with a strong foundation in programming, machine learning, and data analysis. Experienced in building data-driven applications and working with real-world datasets. Passionate about developing intelligent and scalable solutions to solve real-world problems.

TECHNICAL SKILLS

- Programming Languages: Python , Java.
- Machine Learning: Supervised & Unsupervised Learning, Model Building
- Data Analysis: Advanced Excel, Power BI, Tableau, SQL.
- Libraries: Pandas, NumPy, Scikit-learn
- Concepts: Data Structures, Statistics, Problem Solving
- Cloud (Basic): Familiar with cloud computing concepts
- Database: MySQL
- Tools: Git, Postman.

PROJECT EXPERIENCE

- **E-commerce Sales & Customer insights Dashboard** – Built a dashboard using Power BI to analyze sales data and customer trends.
- **Market Basket Analysis** – Analyzed product purchase patterns using Apriori algorithm to improve recommendations.
- **Credit Card Fraud Detection** – Developed an ML-based fraud detection system using python.
- **RAG-Based Document Retrieval System** – Built a system to retrieve relevant documents using semantic search.
- **SecurePay Shield** – Developed a phishing & UPI fraud detection system.
- **Smart Tourist Safety Monitoring System** – Developed a Web app with tracking and alerts.

PROFESSIONAL EXPERIENCE

- **Software Development Intern** – Eagle Hi-Tech (Sep 2024)
 - Developed web applications and improved system performance
- **Machine Learning Intern** – Approtech (2025)
 - Applied data preprocessing and feature engineering techniques
- **Data Analyst Intern** – VLOG (June 2025)
 - Created dashboards using Power BI to visualize data

EDUCATION

B.Tech – Artificial Intelligence & Data Science, Vel Tech Multi Tech Engineering College (2023–2027) | CGPA: 9.0+

ACHIEVEMENTS

- Participant -- Smart India Hackathon 2025
- First Prize – Technora'25

CERTIFICATIONS

- Power BI – AVNL Institute
- Deloitte Data Analytics Job Simulation
- Completed Software Engineering Virtual Experience by JPMorgan Chase & Co. (Forage), gaining hands-on exposure to real-world development tasks

CORE COMPETENCIES

- Machine Learning
- Data Analysis
- Problem Solving
- Critical Thinking
- Team Collaboration
